Case Study

Explore our case studies to see how we've delivered innovative, secure, and reliable solutions across diverse projects worldwide, helping clients overcome complex challenges and achieve lasting success.

Client

Salon Lane – Surry Hills
(Sydney's first shared workspace for independent hair, beauty and wellness professions)

Client Challenge

- Provide deep integration with the intercom and communications systems. With tenants requiring secure, frequent and rapid access, a solution that enabled mobile phone key access would provide a seamless and responsive user experience
- As a brand that provides customers with a sophisticated, premium retail experience, Jared Keen, Co-Founder & CEO of Salon Lane wanted to ensure that all architectural elements (including door furnishings) reflected the desired aesthetic

Integrated Solution

- Implemented Salto KS
- Implemented intercom system that could host a directory of individual members (tenants) who would be receiving frequent clients and visitors
- Integrated with the CCTV and VoIP phone system, a customised dashboard was created to work seamlessly alongside the SALTO access control solution

Business Value Delivered

- Mobile keys enable users to gain access immediately without the logistics of provisioning an access card
- The SALTO KS cloud management solution provides anytime, anywhere administration of access rights
- Wireless access points reduce the cost-per-door for implementation
